

## The Experience:

Participants will work in teams as detectives to track down the culprits of three major robberies using the evidence left at the scene of each crime.

In a fast paced immersive experience, each team must cross-reference the clues received, eliminate suspects and identify the true criminal.

## Key Learning Outcome:

- Provide timely feedback that will keep the team progressing to the goal
- Collaborate and achieve team / big picture goals
- Improve accuracy and efficiency of communication
- Improve the way we listen to each other.

## The Details:

Teams have a very short duration of 10 mins within which they need to come together as one unit. They get 3 opportunities for solving 3 different crimes.

After each crime is solved, teams will have an opportunity to identify best practices and ways to improve in order to solve the next one more effectively.

## Practical Details:

- Groups of 15 (minimum) to over 100
- Teams of 5 participants
- Approx. 150 minutes
- Suitable for Cross-functional and intact teams
